

YUDITH DWI HARDYANTO

IT | FRESH GRADUATE

Subang, West Java, 41254 | 0895332171148 | yudithdwihardyanto@gmail.com

PERSONAL PROFILE

Fresh graduate in Informatics with experience in web and mobile development. I have expertise in building web and mobile applications using programming languages such as Java, HTML, CSS, and JavaScript, as well as frameworks like Laravel and Bootstrap. I possess strong problem-solving skills and am capable of working both independently and in a team.

EXPERIENCE

Teman Bus Project

Jan 2023 - Mar 2023

- Responsible for taking photos of Teman Bus terminals.
- Determine the terminal location coordinates on the map and integrate into the system.
- Testing of coordinates and photo displays within the system to ensure the accuracy and correctness of the displayed data according to the location.
- Deploy the tested system to the production environment via GitHub.

Procapita Project

Apr 2023 - May 2023

- Responsible for performing database migration.
- Migrated the Procapita project from CodeIgniter 3 to CodeIgniter 4.

Point of Sales System Development for Angkringan Onthel Restaurant

Apr 2024 - Jul 2024

- Designed and developed a website prototype incorporating user feedback.
 - Designed the database schema based on the application requirements.
 - Developed features for menu stock management and transactions.
 - Developed a sales report feature based on transaction data stored in the database.
 - Integrated a thermal printer using a library to print receipts.
-
